

**Welcome to your
connected home.**

Smart Living Made Simple

Technology doesn't have to be complicated – it can simply make life safer, easier, and more comfortable.

Enjoy features like:

- **Keyless secure entry, no more misplaced keys**
- **Reliable, high-speed Fibre Internet**
- **Visual Intercom system to see who's at the door**
- **Easy-to-use digital thermostat controls**
- **Maintenance updates sent straight to your phone**
- **Remote access to water shut-off**
- **and more!**

**Your door access,
water control, and
thermostat are all
cloud-based and easily
managed from your
mobile devices.**

The Meadows has partnered with WTC Communications to bring your connected home to life.

WTC Communications has been 100% local in our support, technicians, and technology since 1932.

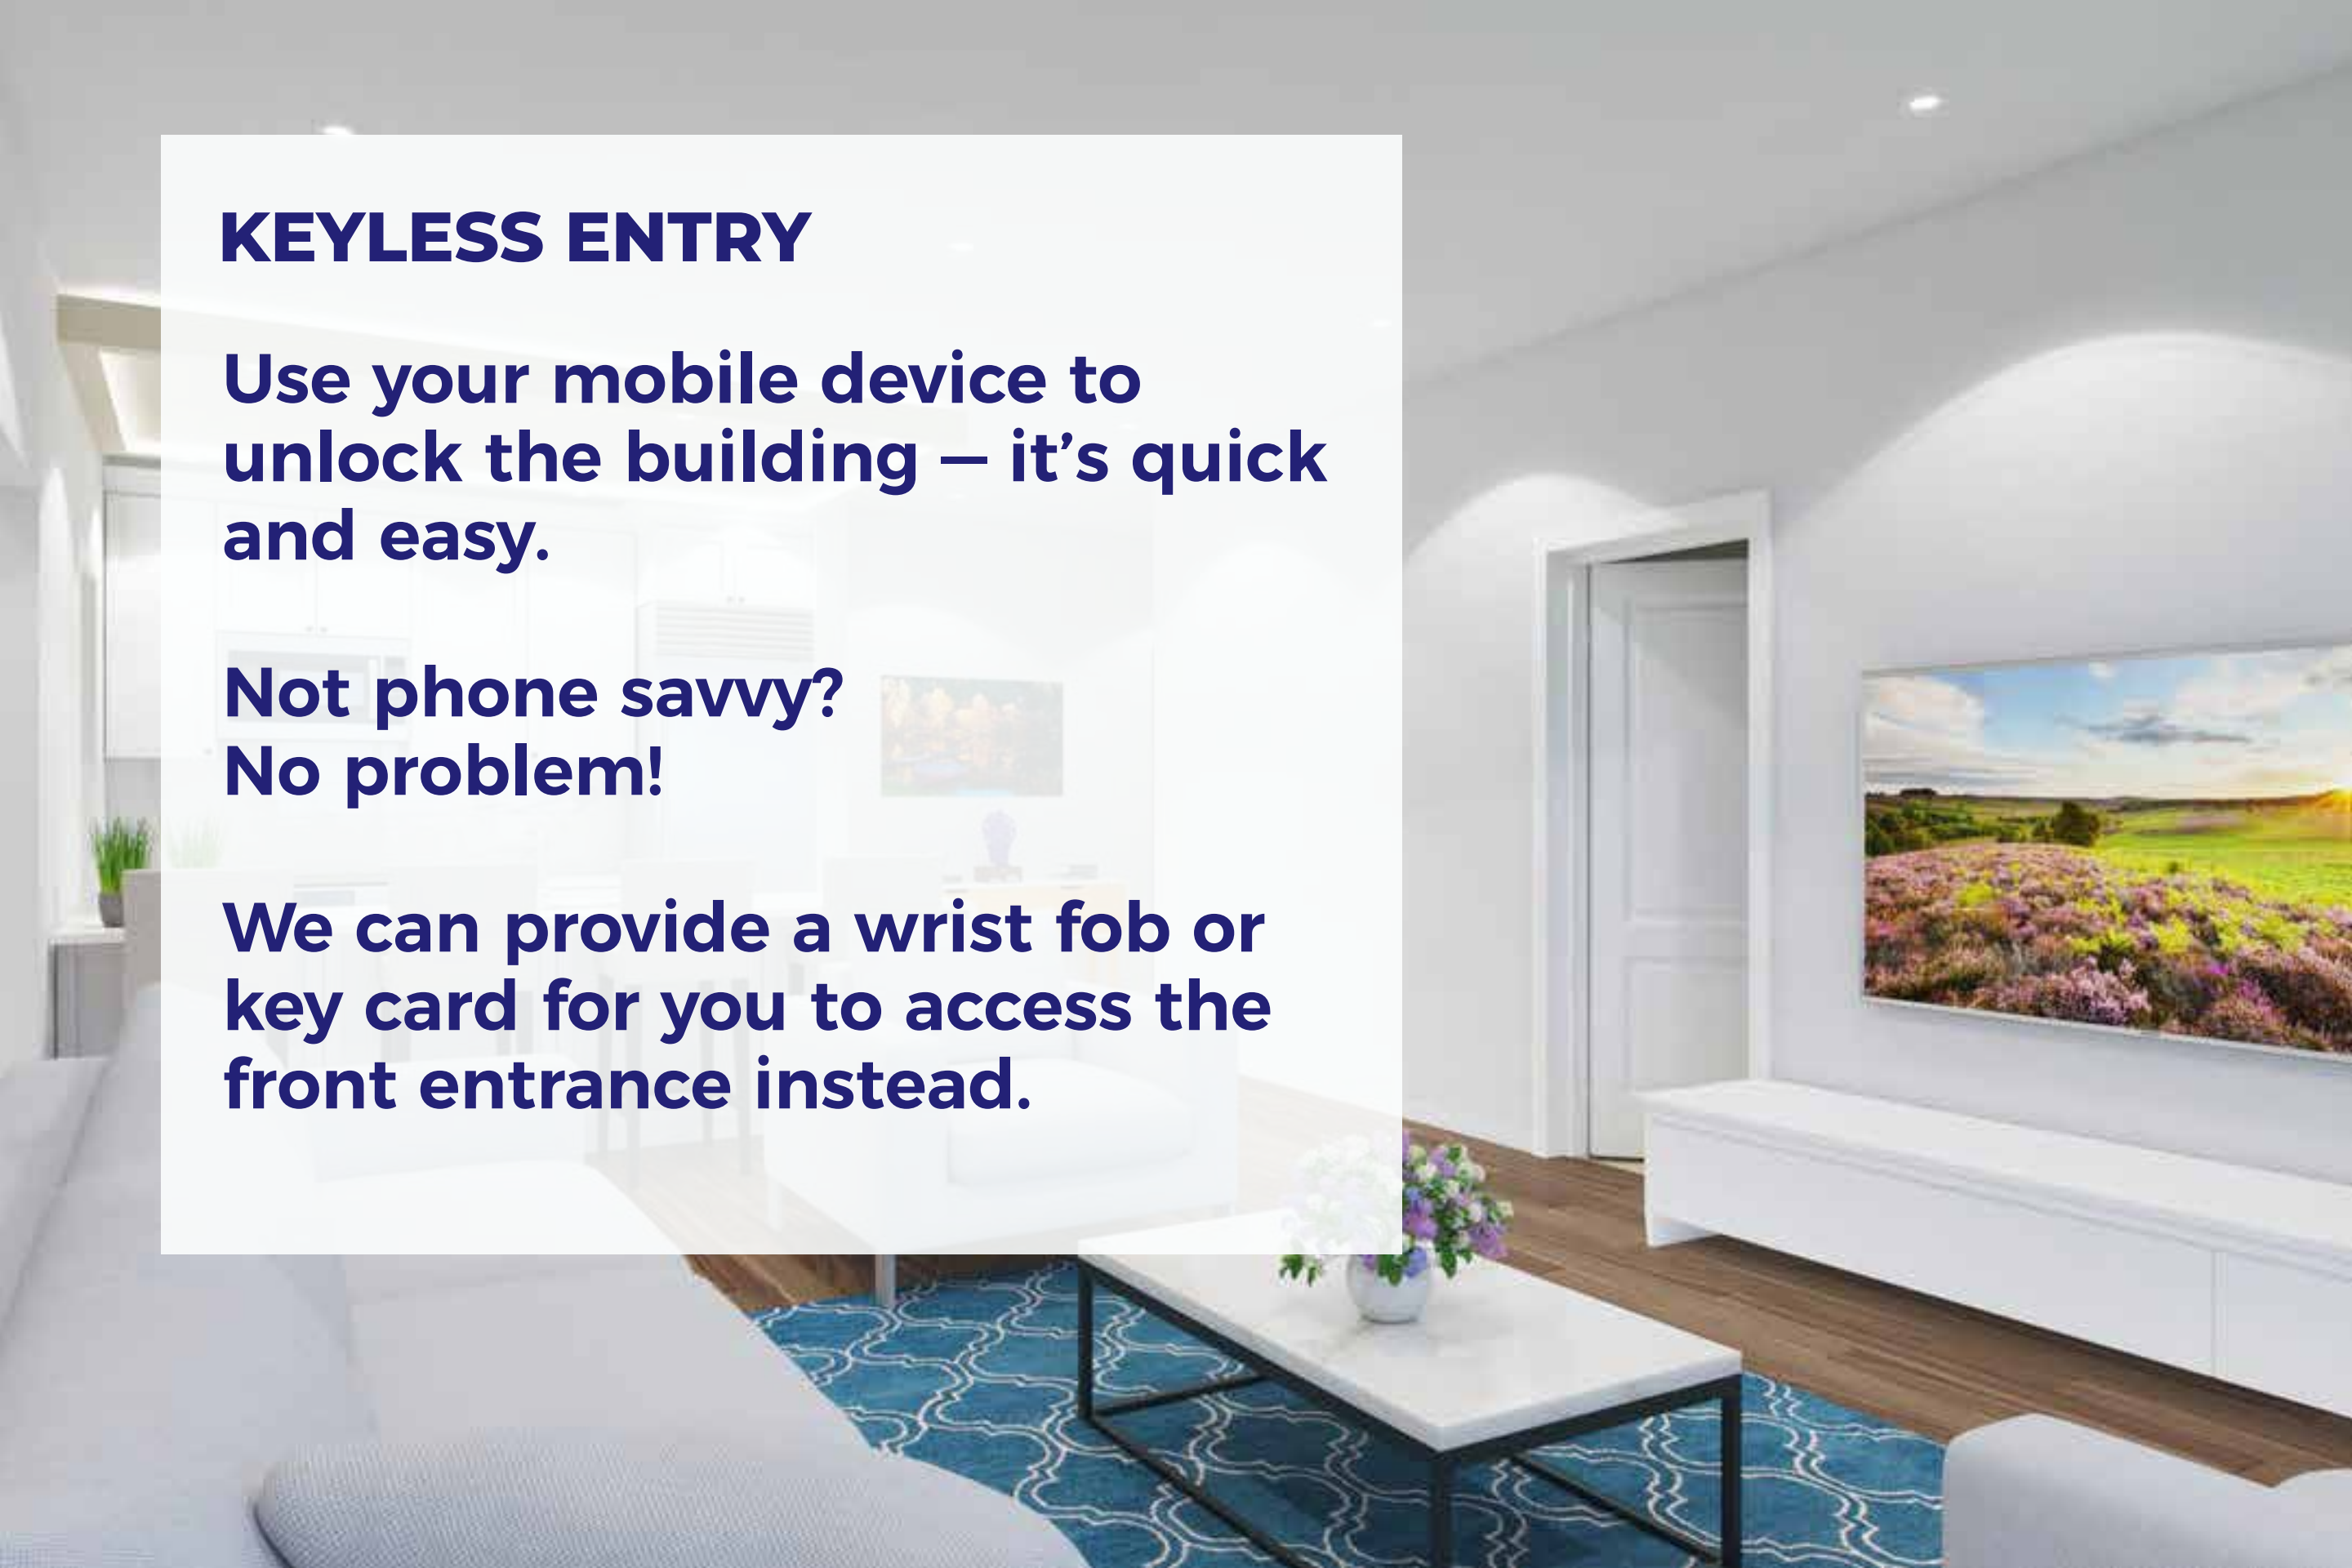

KEYLESS ENTRY

Use your mobile device to unlock the building – it's quick and easy.

**Not phone savvy?
No problem!**

We can provide a wrist fob or key card for you to access the front entrance instead.

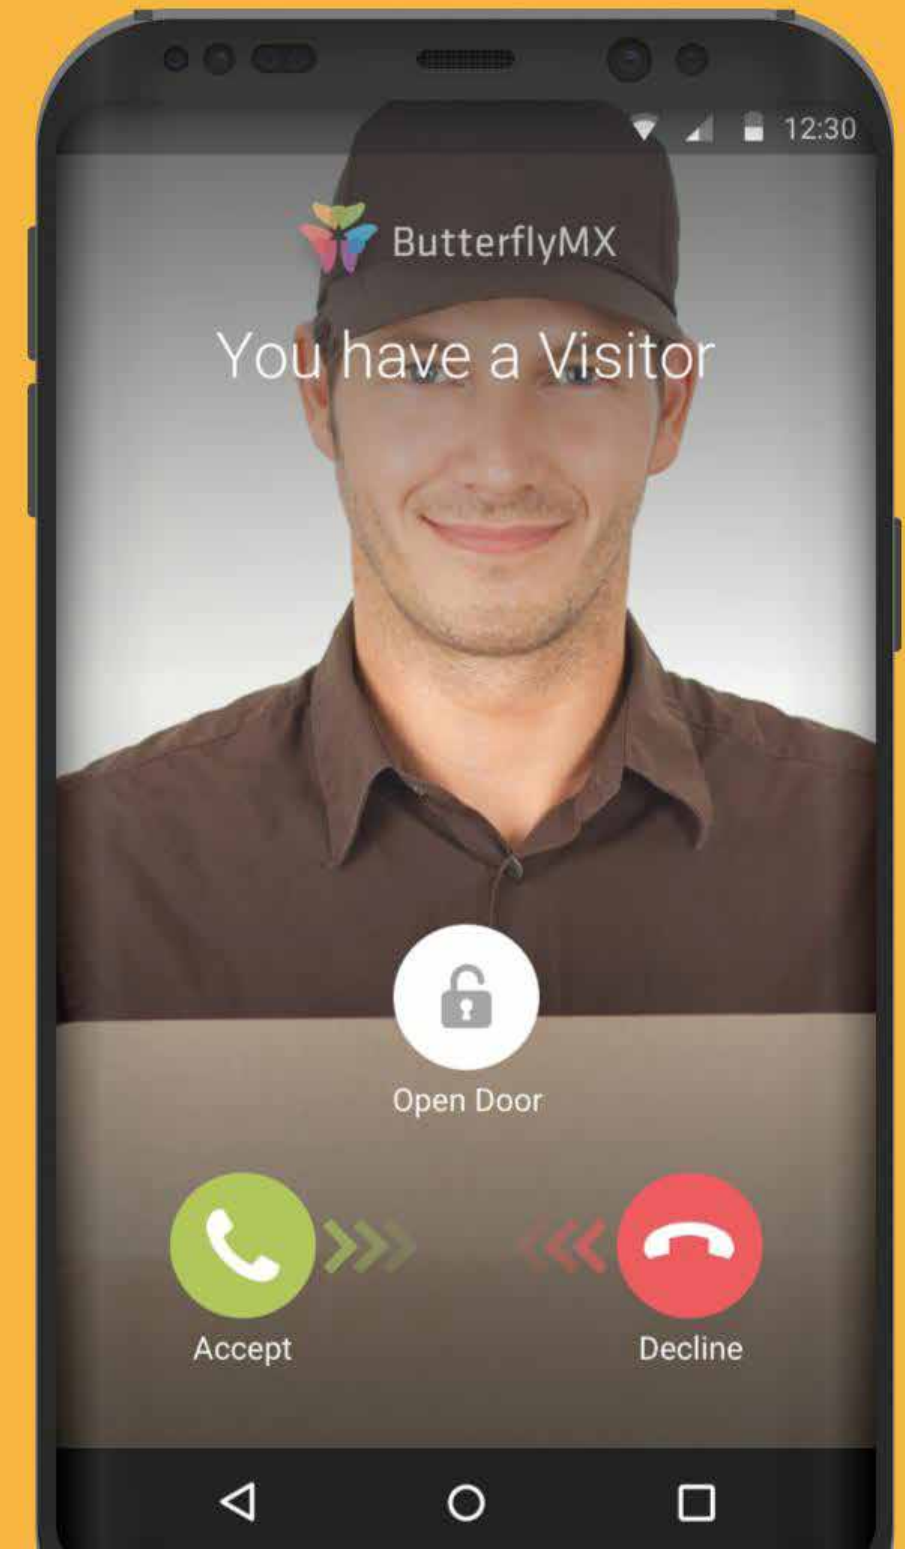

WHO'S AT THE DOOR?

With our smart intercom,
you'll know who's visiting
before letting them in.

Stay Safe
Stay Protected
Stay Secure

*"That's right, I was expecting a package today!
I'm glad I got my notification."*

Get notified whenever you
have a visitor

WHAT'S A MOBILE PASS?

It's like a keycard that you send right to someone's phone.

Share a secure and convenient pass with those who need entrance into your home.

"My daughter-in-law needed to get into my apartment when I was away. With Mobile Pass, it was SO EASY!"

**If you're not tech savvy,
that's okay!**

**You may not want to use a
phone or tablet yourself
- that's just fine!**

**If you'd still like all of the
connected home features,
you can have a trusted family
member connect their
mobile device and help you
manage your account.**

Your Fibre Internet Plan Includes 1 GB Upload & 1 GB Download Speeds

Fibre is the latest internet technology.

You'll be able to stream without any lag or buffering.

You'll have fast upload speeds for seamless video calling.

Easy connection to all of your smart devices.

Plenty of speed while using multiple devices.

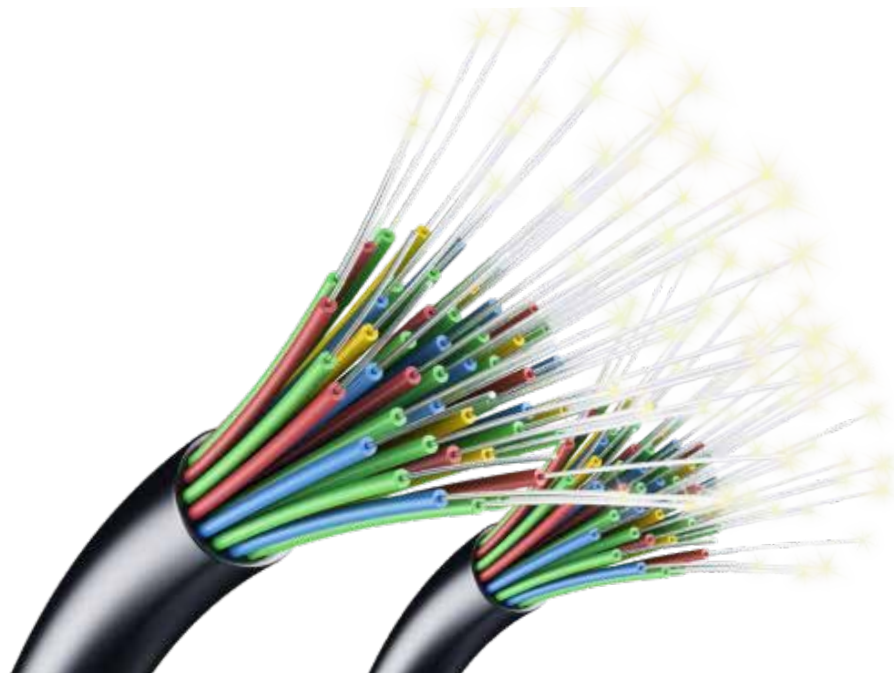

Worry-free Wi-Fi.

**It doesn't end here, you can
add TV services through WTC.**

Gigabit Fibre can
download a full movie in
less than 48 seconds!

No matter how many
devices you add, we've got
you covered.

**Your connection can do all of
this at the same time!**

**Streaming
Browsing
Chatting
Uploading**

With WTC Fibre, there's enough for everyone.

We can't wait for you to experience Fibre Technology

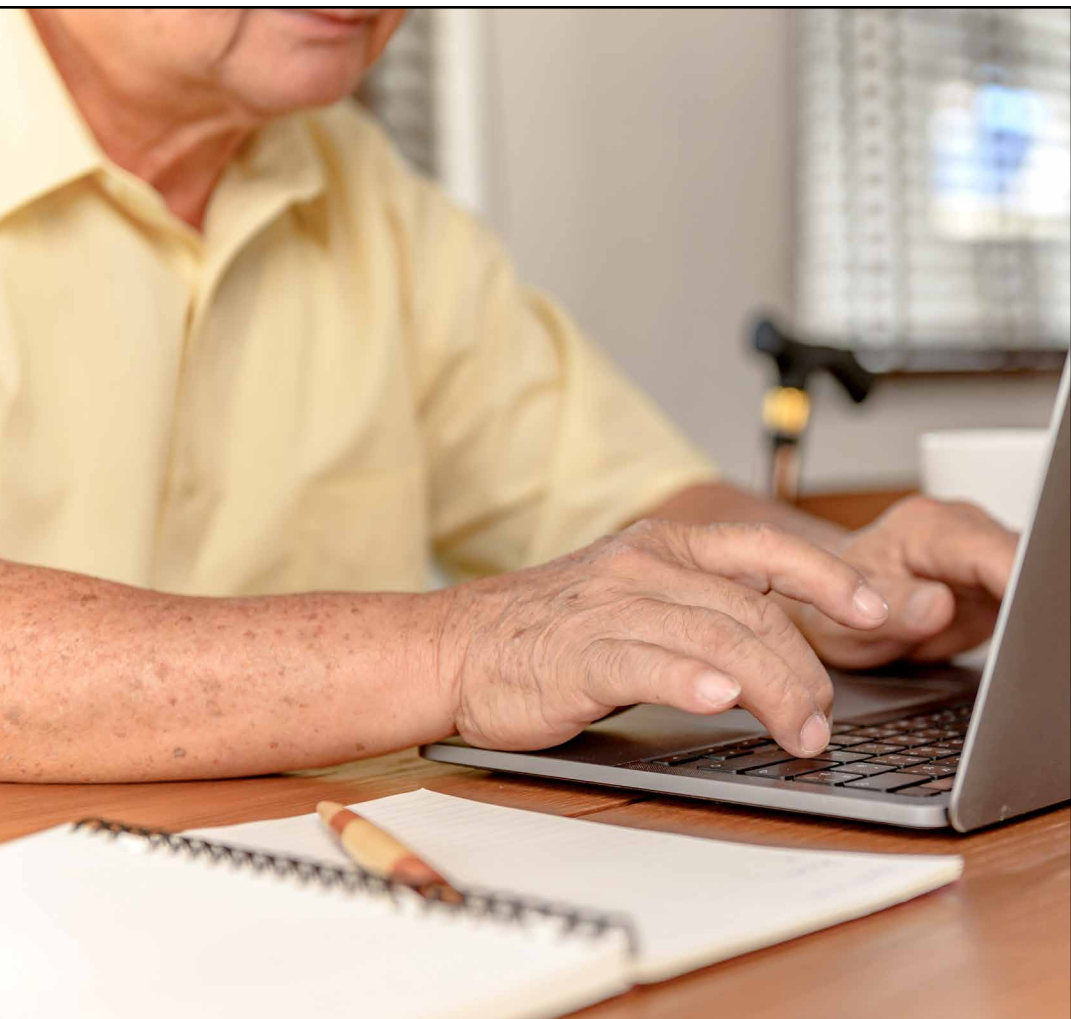

Fibre allows a large number of users and devices online at the same time. It easily handles multiple downloads, uploads and streams simultaneously.

It's universally accepted as state-of-the-art, and is the only technology equipped to handle future video and data demands
